Redland Hospital is part of the Bayside District Health Service which offers quality healthcare and a range of community-based programs to residents of Bayside and Redland suburbs.

The Hospital opened in 1987 and was designed as a community medical facility to provide basic care and support to the growing local population.

Our staff at Redland Hospital care about your health and wellbeing. We maintain high standards of service and quality when providing you, our clients, with the medical care you require.

The hospital is expanding to offer a wider range of services to the residents of the Bayside suburbs. The construction is scheduled to be completed by late 1999.

If you are not happy with the service you have received or have a suggestion as to how the service may be improved, please contact the District Manager and detail your concerns on telephone: 3893 8406 or write to the District Manager, P.O. Box 297, Wynnum Central 4178.
